PROFILE

Advanced Technician in Plastic Arts and Advertising Graphics Design by the School of Art and Higher Design of Alicante.

Diploma in Visual Arts (distance learning mode) by the Institute of Visual Arts of Vitoria.

Over 15 years of experience in visual communication, working on design projects for both print and digital media.

Currently developing skills in the integration of AI-generated images and video, actively applying them in creative projects to enhance visual impact.

Committed to professional growth and continuous improvement, with a strong interest in joining a creative team where I can contribute my experience and take on new challenges.
